

## *A TIME OF REFLECTION*

[Pastor Pier]

### UNCOVER THE HIDDEN DANGERS OF THE ERA (PROPOSITION 1)

Once you understand the real-life, legal ramifications of this poorly written one-size-fits-all amendment, you'll quickly understand just how absurd it is.

1. The New York State government could have more authority than parents in making medical and other important decisions for children.
2. Children under the age of 18 could have the right to irreversible surgical and non-surgical transgender procedures without parental notice or approval.
3. Schools could be banned from disclosing to parents that their children are becoming transgender.
4. Biological males could be allowed to compete against biological females in school sports without restrictions.
5. Protections for churches and other religious organizations and non-profits could be eroded regarding beliefs that run contrary to newly-created 'rights' in Proposition One.

Jesus said in Matthew 19:14:

*"Let the little children come to me and do not hinder them, for to such belongs the kingdom of heaven."*

Please take the time to carefully research this proposition. This is written on purpose to be subject to board interpretation which puts Christians and our rights in jeopardy. Take the time to use the bulletin insert to help educate yourself prior to going to the ballot box.

# Welcome!

*"The thief comes only to steal and kill and destroy. I have come so they can have life. I want them to have it in the fullest possible way."*
